2. Familiar with Covid-19 routine instructions
3. Managing difficult patients / situations
4. Set up screening stations (Consumable, Equipment, Forms, Laptop, Stationeries and TV) by 7.15 am
5. Trouble-shooting

OBJECTIVE

In order to provide full support to cover the 12 hours screening in-charge duty, there is a need to train some team members in ABO for coverage as well as to be prepared for the changes in day to day work in the department.

This is to ensure that all team members are aligned as ONE team to cope with uncertainty situation.

METHODOLOGY

Communication

Several engagement session conducted to seek “buy in” from the team. A Buddy-system approach was adopted to ensure smooth skills transformation to take on new task.

Organize feedback and support

Feedback session and support session was organized to review challenges and address the concerns raised. Communication channels such as email, tiger text and wats app group was set up to establish prompt assistance and support.

Process

Department’s process was reviewed to re-designed some scope of work to the back office reduce the risk of esposing staff during pandemic period. A NEW way to combine the three screening stations (Blk 3, 5 & 7) into One Operation was piloted and implemented.

Enhance skill sets

The two PSAEs received adequate training to enhance their skill sets for the role. They equipped with knowledge and skills to manage IT issues and trouble-shooting when equipment is not functioning. The collaboration ABO team and Patient Liaison Service (PLS) Department had enabled sharing skills sets and promote team work.

RESULTS

- Achieved operational effectiveness in managing the three screening stations (BLK 3/5/7) during the assigned period April to Dec 2020.
- Improved the good relationship between the team members in the two departments and able to liaise effectively for other work matters.
- Staff’s moral and confidence level have been boosted to take on new challenges positively. The two SPSAEs were complimented in several occasions for their willingness to take on new roles and they had earnt new skills to take on supervisory role.
