Department Manpower Dashboard Singapore Healthcare

Management 2021

Ms Lim Ji Rong (Clover) Ms Wong Mun Wai (Serene)

BACKGROUND

Heads of Department (HODs) request for staff information such as contract duration and bond expiry dates from Human Resource (HR) department on ad-hoc basis. HR sent the staff information to HODs in separate emails and there was no 'one-stop' consolidated staff information that were readily available which HODs could access when needed for decision making.

OBJECTIVE

- Empower HODs through readily accessible staff information.
- Facilitate workforce planning and decision making by providing vital staff information via the "Department Manpower Dashboard (Dashboard)" in a secured and consolidated online platform.

METHODOLOGY

Stakeholders Engagement Determine Dashboard Elements

Engagement sessions with HODs to introduce the Dashboard and solicit stakeholders' requirements.

- - Headcount
- Age Profile Staff info on
- Position Mix

• FTE

- Manpower Utilisation
- Hires
 - Leavers
 - Confirmation
 - Contract
 - Expiry Retirement

access the updated Dashboard via

Infopedia.

Implementation

Each month,

HODs will be

notified to

Review & Analysis

Six-monthly update session with Core Leaders and HODs to review trend and impact of information provided in the Dashboard on manpower planning. Feedbacks gathered during the sessions used to enhance Dashboard.

RESULTS

Timely up-to-date staff information provided HODs with insights and sensing of staff profiles.

Vital staff information were not compromised as the Dashboard resides in Infopedia, which is a secured network.

HODs had positive experiences with ease of accessing vital staff information at their convenience.

Data visualisations kept simple and "easy to understand" facilitated HODs' overview of key information.

Improved HR work processes with vital staff information provided pro-actively to facilitate departments' decision making.

Promoted autonomy with HODs taking ownership to plan and engage staff in continuous career conversations using information available in the Dashboard.

CONCLUSION

EQUIP & EMPOWER HEADS OF DEPARTMENT IN MAKING A DIFFERENCE TO TALENT MANAGEMENT

- The readily available staff information empowered the HODs to initiate strategic manpower planning.
- Staff engagement was greatly enhanced as they were able to participate in robust career conversations with their HODs.
- Pro-active manpower planning strengthened operational efficiency.
- Improved HR partnering experience with stakeholders.
